

Shine All Your Light

By Amy Grant

Here under heaven's eyes,
Down under paradise,
Sometimes it seems like we're so small.
Here on the shores that reach into infinity,
How could we matter much at all?
Would it be enough
If each of us would give our love?

*Like sand on a mountain,
Rain on a fountain,
Shade on a shadow,
A breeze in this tornado,
Just do what you can.
Clap with one hand
And shine all your light in the sun.*

We live to learn to love , oh, mercy from above.
Amazing grace, like rain comes falling down.
We sing our hearts to you our song of gratitude.
The voice of ev'ry soul, How sweet the sound.
We can only trust
All our prayers will all add up.

Refrain

Would it be enough

Do All the Good You Can

Our prayer is characterized by silence ~

Be still and know that I am God!

In that silence we listen for a new word.
God is present in all our lives.
God cares for us, and
our life experiences are a source
of deepening knowledge of God and self.

Inspired by God's Word in the silence

An Inner Revolution

- Anonymous Blog

On the surface of the world right now there is war and violence and things seem dark. But calmly and quietly, something else is happening underground. An inner revolution is taking place.

It is a silent revolution. From the inside out. From the ground up. This is a global operation. You won't see us on TV. We don't seek any glory. We don't wear any uniform. We come in all shapes, sizes and colors. You could pass by one of us on the street and not even notice. We remain behind the scenes.

We are slowly creating a new world with the power of our minds and hearts. We follow, with passion and joy our orders from the Central Spiritual intelligence. We are dropping soft, secret love bombs when no one is looking — poems, hugs, music, kind words, smiles, prayer, dance, social activism, blogs, random acts of kindness We each express ourselves in our own unique ways, with our own unique gifts and talents

Be the change you want to see in the world. That is the motto that fills our hearts We know it is the only way real transformation takes place. We know that quietly and humbly, we have the power of all the oceans combined.

Our work is slow and meticulous like the formation of mountains it is not even visible at first glance. And yet with it, entire tectonic plates shall be moved in the centuries to come.

Love is the new religion of the 21st century. It comes from the intelligence of the heart embedded in the timeless evolutionary pulse of all human beings
