

Alpacas
and
Needle Felting:

Metaphors for Transformation

Saturday, May 19 from 10 am - noon
Sharon Konkoly

Using alpaca fiber
and the simple art of needle felting as tools,
the program is designed to help attendees
discover their inner journey of transformation.

“Transformation does not require perfection;
only a desire to make the journey,
knowing a kind and loving God
is right there with you.”

Sharon Konkoly is wife, mother and grandmother,
a fiber artist and former owner of Sunrise Alpaca Farm;
an active member of *Spirit of Life Performing Arts* and
Pathways to Hope at St. John Bosco Parish.
